THE HOME PAPER

SAY!

(By CHARLES J. ARNOLD)

Can you imagine this?

Never, for an instance, doubting that I would be called upon for a talk at the big corn dinner, "thrown" last night by the directors and officials of the First National bank at the Country club in honor of the Putnam county corn kings, I was all set for the oratorical outburst of my life, only to be totally ignored by the toast master.

Everyone else in the hall, including John Cannon—imagine John being called upon to make a speech at a corn banquet—was called upon for a talk, while I, one of the big agriculture operators of the section was ignored.

Harry Stamp has been designated by some farm paper as a master farmer of Putnam county. I also claim similar honors, for none other than A. B. Hanna, himself, has designated me as the master city farmer, of the community.

And A. B. knows.

It is well known that I operate agriculturally in both Marion and Greencastle township. Most of my personal "corn" operations are confined to Greencastle township, for experience has taught me that my hogs need most of the Marion township corn.

But, why cry over spilt milk?

It sure was a fine meeting.

Two international winners, Harry Stamp, the "big horse man" from north Putnam and Herbert Watson, of Tipton, the International corn king, landed an air of prominence to the event that was outstanding.

Doc Sigler was there in person: Rex Hathaway, the five acre contest winner of the county, answered to roll call: Ora Day, the Marion township super-farmer with a lot of good advice and laugh evoking stories had a place on the program; A. G. Brown, himself, of Louisville, president of the Louisville Federal Land Bank, was given a hearing; and even Simpson Stoner and Russell Brown were permitted to talk.

But the thing that pleased me most was the fact that Putnam County's future corn kings, many of the lads, who, this past year, participated in the one acre corn raising contests, were present and reported progress. These lads surely deserve the congratulations of the people of the county, for they worked hard and earnestly in their projects. More power to these lads—we are all proud of them.

Two especially good stories were told by Ora Day. One concerned two neighboring farmers who vied with each other in the matter of early rising. One morning one of them in attempting to put it over on the other arose at 2 o'clock a. m., hitched his team and started to the field. On his way he passed the house of his neighbor, and just to rub it in a bit, he stopped his team and went in. Seeing a light in the rear of the house he walked back to the kitchen door where he was greeted by the wife of his neighbor: "Where's John," inquired the farmer. "Well, he was around here early this morning, but I don't know just where he is now," responded the wife.

Then he told of one spring when he planted a field of corn quite early. The night after he had planted the corn a heavy snow came. The next morning, when he passed his field he saw conspicuously posted on his corn planter, which he had left in the field, a big sign, placed there by one of his neighbors. It read "Closed down for the winter."

CUB QUINTET WINNER OVER MARTINSVILLE

TAKE HARD-FOUGHT CONTEST FROM STRONG ARTESIAN CITY FIVE ON GREEN-CASTLE FLOOR FRIDAY NIGHT—MANY FANS SEE TILT

CUBS, 19; MARTINSVILLE 17

B. Team Also Wins Thriller From Visiting Seconds—Score is 28 to 21 In Favor of Bausman's Aggregation

The Greencastle Tiger Cubs gave a large crowd of basketball fans their money's worth Friday night when they took both games of a double header from the Martinsville aggregation. The varsity copped a nip, and tuck thriller by a 19 to 17 score, while the B team won the preliminary tilt by a 28 to 21 count.

While the varsity game was close all the way, Greencastle held a lead of about 2 points most of the time. The guarding of Dawson and Hurst and the work of McAnally at center featured the contest. Coach Glenn Curtis evidently warned his boys about H. Stone as they kept him covered most of the way, he got loose for baskets several times.

McAnally counted the first marker for the Tiger Cubs when he tipped in a short one soon after the start of the game. Phillips of the Artesian city retaliated with a long one, but Hank Stone duplicated the feat, and the Cartmen took time out with the score 4 to 2 against them. After the resumption of play Waltz tied the score with an underbasket shot, but Dawson snatched a long one to put Greencastle in the lead on the next play.

Baker visiting guard fouled Hurst, and he made it good, and a few seconds later Waltz missed two free throws, when he was fouled by McAnally. Waltz went under the basket for two points, and Martinsville took time out with the score 7 to 6 against them. Upon resumption of play Baker fouled H. Stone and he went under the basket. The Purple and Gray forward made one of their count and the quarter ended 8 to 6 in favor of Bausman's aggregation.

After play was resumed Smith sank a long one to knot the count at 8 up. Both teams played cautiously during the second period, with Green castle holding the ball, but unable to break through. Phillips fouled McAnally, who made it good, and near the end of the period Waltz fouled Dawson as he was shooting and the Greencastle guard made both charity tosses count. The half ended with the Purple and Gray out in front by a 10 to 8 margin.

Waltz again tied the score soon after play was resumed, but H. Stone garnered another long one to put the Cubs out in front. H. Stone fouled Williams, a Martinsville substitute as he was shooting, and he made both free throws count to tie the score. Bolander went in for T. Stone, and Hurst fouled Waltz as the quarter ended. Waltz made two free throws, and the Artesian City lads lead by a 14 to 12 margin.

Balay, Martinsville center scored soon after the quarter started to give his team a four point margin, the largest lead held by either aggregation during the contest. H. Stone sank a free throw, when he was fouled by Balay. Waltz fouled H. Stone as he was shooting, Hank made the lead good and the free throw to put the local aggregation again in front by a 17 to 16 margin. Bolander sank one from near the charity stripe, and Greencastle stalled with a three point lead. Hurst fouled Balay, and he made it good. Mack took the tip at center, and Greencastle stalled until the final gun. The contest ended with the Purple and Gray on the long end of a 19 to 17 count.

HERALD GOES ON AIR OVER W-H-A-N FRIDAY

Did you hear "Bill and Bob" famous radio and vaudeville team broadcast from the HERALD yesterday afternoon over their traveling radio station W-H-A-N. If you did wasn't it hot stuff? They drove up to the Herald office about 4 o'clock, introduced themselves and started talking, or rather Bill did the talking and he said plenty. In a few minutes a large crowd gathered to hear a real broadcast program. Many prominent radio stars were invited by the speaker and if you hadn't known the difference you would have thought that each and every one of the men invited were right down there in front of the office, including Graham McNamee and "Old Man" Henderson. Thanks boys, we enjoyed your program.

Tonight they will broadcast from Terre Haute Broadcasting station. These programs are given through the courtesy of the Shell Petroleum Corporation.

SPECIAL JUDGE MAKES DECISION IN SCHOOL CASE

TEACHER, WHO WAS SUSPENDED FOR MARRYING, IS ORDERED REINSTATED UNDER THE TEACHER'S TENURE LAW

Special Judge Brenton A. Devol, of the Clinton circuit court, rendered judgment in Montgomery circuit court Friday morning in the case of Mary Cave Ramsey against the city school of Crawfordsville. The judgment was rendered on findings of law as outlined in a report by the special judge several weeks ago.

Judge Devol found that Mrs. Ramsey should not have been suspended from the teaching staff of the city school system and declared her reinstated. However, he found she was not entitled to compensation for the time she was under suspension.

A motion by the defendants in the case for a new trial was overruled by Special Judge Devol. The case arose over the dismissal of Mrs. Ramsey at the beginning of the 1929-1930 school year. She was dismissed due to fact that she had been married during the previous summer.

The plaintiff contended that under the provisions of the teacher's tenure law she was entitled to a lifetime job as long as she did satisfactory and regardless of her marital state.

CAPTURED FEW MINUTES AFTER BANK ROBBERY

BANDITS MADE PRISONERS NEAR PATRIOT BY STATE ROAD BARICADE—WOMAN LOCKED IN VAULT DURING HOLDUP

VEVAY, Ind., December 13.—Two bank bandits, who gave their names as W. D. Hartman, age twenty-seven, and William Hewig, age twenty-six, and their addresses as Evansville, Ind., were captured by the Vevay police, and taken to the Vevay jail, where they were held in the cell block.

The capture of the bandits followed a state road truck across the highway, blocking the path of the speeding bandit automobile. The county bank vigilance committee also aided in the capture.

Mrs. Dugan was alone when the bandits entered and demanded the money. They shoved her into the vault and locked the door. The lock failed to hold and Mrs. Dugan managed to open the vault and spread the alarm.

The bandits were driving a coupe which they admitted was stolen in Detroit. The car bore an Indiana license, but a set of Michigan plates was found concealed in the machine.

The men had been in Vevay two days and visited the Florence Bank yesterday representing themselves as salesmen of bank fixtures. They were brought to the Vevay jail by William Cook, sheriff and William Bowen, deputy.

It was about the size of a bantam rooster.

POINT BLANK ARTILLERY FIRE OF TWO FEDERAL TROOPS LIKENED TO MASSACRE—MANY FLEE AS TROOPS ADVANCE

PRISONERS FACE DEATH

Rebellion Started By Single Garrison Is Regarded as Practically Broken—Insurgents Were Well-Armed

OUTSIDE JACA, Spain, December 13.—A crushing blow was delivered to Jaca Revolutionary forces here today by loyal government troops in a short and furious encounter near Ayerbe, a short distance from Jaca. The scene of the engagement is but a few miles from the French border.

Point blank artillery fire was opened by two quickly formed columns of federal troops on the rebel columns. The dead were estimated by the officials at 100, and the number of injured were placed at many more.

Government troops captured many civilian and military insurgents and officials had not definitely decided on disposition of the prisoners, but it was generally expected that they would face the firing squad.

The defeat of the rebels was reported as almost a massacre as they fell before the withering artillery fire. Government forces were overwhelmingly successful from the first blow struck at the rebels.

The rebels were reported to have been well armed. Many insurrectionists fled as soon as the government forces opened fire and the revolution is considered practically broken.

CUBAN AGITATORS SEIZED

HAVANA, Dec. 13.—Proceeding quietly the government is making numerous arrests of agitators whom it believes responsible for the disturbances of the last few days, which have led to island-wide suspension of constitutional guarantees.

Dozens of warrants have been obtained against leading nationalist figures and other prominent in the anti-administration movement. A hurried exodus to the United States by many whose names are on the list for arrest and trial has been noted.

Some newspaper men accused of exaggerating and falsifying reports on disorders have been arrested. Jose Ignacio Rivero, director of Diario de la Marina, Cuba's oldest newspaper, took a thirty-day leave of absence and departed for the United States after government objection to an editorial in which he strongly criticized the administration.

Although the Army threatened the Navy twice in the first half the Navy braced when in danger and held off any scoring by its rival. The third quarter also ended scoreless but a 57 yard run by an Army back early in the fourth quarter, resulted in the first and only score of the game. The Army failed to kick goal for the extra point.

James Bolger, age nineteen; James Butler, age twenty, and Italia Ferdinand, age twenty-two, died in the electric chair at Sing Sing Prison after Governor Franklin D. Roosevelt had refused to commute their sentences to life imprisonment.

SENSATIONS PROMISED IN \$8,000,000 BANK SCANDAL

LOS ANGELES, Dec. 13.—Startling repercussions were expected as state and county officials settled down today to a systematic investigation of the activities of Gilbert H. Beesmyer, Guaranty Building and Loan Association official, who yesterday confessed misappropriating more than \$8,000,000.

Although Beesmyer insisted he had sole knowledge of and accepted full responsibility for wrecking his company and for taking money from two other firms with which he was connected, another man and a woman were arrested. Rupert L. Fleury, vice president and auditor of the Guaranty company, was taken to jail after he testified before the grand jury, which indicated Beesmyer for grand theft, that for five years he was aware of his superior's misappropriations. Miss Ethel Flanagan, the firm's head bookkeeper, was sent to a hotel to be held under guard until she could be questioned further.

The Guaranty Company, in which 25,000 depositors had invested more than \$17,000,000, was placed in charge of Charles A. Whitmore, state building and loan commissioner. Meanwhile, Whitmore and his department were under fire. James Rolph, Jr., Governor-elect, said he would ask the state legislature to oust Whitmore for failure to detect the defalcations sooner.

Whitmore said the state laws do not permit thorough enough examinations to uncover such cleverly concealed frauds, and his department could inspect firms under its jurisdiction only once a year because of lack of men and facilities. Guaranty officials said they hoped to return 50 per cent to the investors.

ASK DEATH PENALTY FOR ERNEST PRYOR

INDIANAPOLIS, Dec. 13.—The jury that will decide the fate of Ernest Pryor, 32, of Martinsville, charged with first degree murder in connection with the death of his wife today heard the state ask the death penalty for the defendant.

Dr. R. N. Harger of Indiana university told the court he found organs of the dead woman contained arsenic as charged by the state.

Fundamentals of the state's case today indicated it would attempt to show that Pryor killed his wife to carry out an illicit love affair.

The most important figure in the case, Miss Elsie Hamm, of Brazil, cousin of Pryor's wife never has appeared in the Marion county criminal court room where the trial is in progress.

It was Miss Hamm the state charged who lived in the Pryor home at Martinsville and who allegedly provoked the defendant to give his wife poison on the afternoon of August 19.

Practical Gifts of Beauty

GIFTS in precious metal are ever appropriate at Christmas and the field of sterling silver offers an unlimited assortment. In addition to the opportunity of adding to one's regular flatware a great variety of special gifts are available. A fashionable cigarette tray equipped with a convenient alcohol lamp is a typical example while a pair of sterling candlesticks suitable for the mantel, the hall table or the dining room are always useful.

For the newest member of the family, the old-fashioned drinking cup in smart modern lines or the sterling porringer forms an appropriate gift. A small sized vase, filled with flowers, adds a touch of beauty to any part of the home and the more practical will find ideal gifts in such articles as an attractive arrangement of sterling silver sheers and paper cutter held together in a snugly fitting case, masculine looking cigarette cases, or novel trays for odds and ends, all shown above. Individual articles of this kind may be secured in patterns which will harmonize with one's established service.

OLD-FASHIONED HOG LOSES OUT

Feeder Should Select Breed He Likes Best.

Usually the best breed of hogs for any one man is the breed that he likes best. It is the type of the individual hog of a breed that is more important than the breed itself, explains J. P. Willman of the New York State College of Agriculture.

Thirty or more years ago the wide, thick, short-bodied, short-legged type showing extreme refinement were in demand. Some still prefer this type, but it has been replaced by a type that has proved more profitable. The old-fashioned pig took too long to reach market weight, Mr. Willman says.

The present-day type of hog has length of body, long legs, and large but not coarse bone. It should have in addition good depth and capacity of the chest and middle to insure constitutional vigor and good feeding qualities. The long, deep-bodied, somewhat narrow-bodied, leggy, weanling pig with plenty of bone makes rapid and economical gains.

The type can easily be carried too far, however, and develop the "gun barrel" type of hog. Sometimes the range boar is criticized, but use it he will sire the kind of pigs that will get to the market before the average run of pigs and prove profitable to the feeder.

For Christmas Cheer

WHEN toes are tingling, bells are ringing and cheeks are rosy red, you have a host of jolly distractions before you go to bed. A nice big juicy Christmas cake appears before your eyes, and snow and ice and ringing sleigh bells, and candy, fruits and pies, and mistletoe and fun and holly together with the best of luck and happy times and laughter before you go to rest.

As for as fruit cake fills your wishes, it's easy to obtain, for you can get it made already (to save you stress and strain) in boxes bright with pretty pictures all lacquered on the tin, or if you want to make a pudding, put these ingredients in:

Noel Pudding

To one cup dry bread crumbs add one and one-half cups flour sifted with two and one-fourth teaspoons baking powder, one-fourth teaspoon salt, one-half teaspoon nutmeg and one-half teaspoon cinnamon. Mix two-thirds cup brown sugar, two-thirds cup chopped suet, one-half cup chop-

ped walnuts, and add to the first mixture. Add two well-beaten eggs and one cup sour milk mixed with one-half teaspoon soda. Add the contents of a 1-pound can of figs, well drained and cut fine. Fill a greased mold two-thirds full, cover tightly with the mold cover or with a waxed paper and then a wet cheesecloth into which some flour has been rubbed. Steam two hours, and serve with Noel Sauce.

To make this sauce boil the syrup from the can of figs and three tablespoons sugar to 235 degrees, or till it spins a thread. Beat two egg yolks well, pour syrup over slowly, and beat constantly. Add one-half teaspoon vanilla. Just before serving add one cup stiffly-beaten heavy cream and beat together.

This is a large pudding and will serve from sixteen to twenty people, as it is rich and the serving must not be too large, or your dreams Christmas night will not be as pleasant as your visions on Christmas Eve.

Movie Queen Gives Recipe from the Family Cook-Book

By NANCY CARROLL

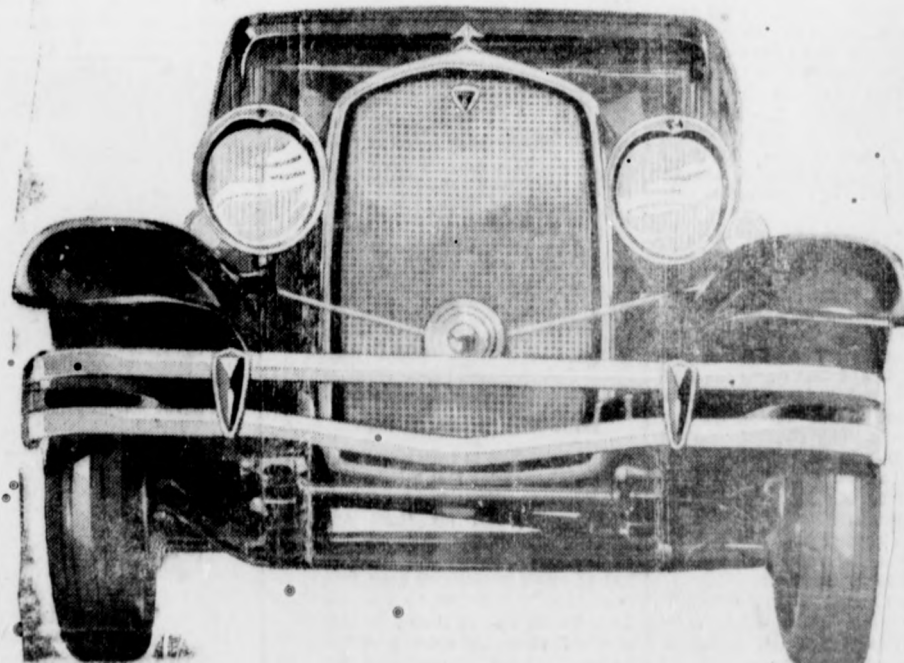

ANYBODY who has grown up with as many brothers and sisters as I have in my family knows that there are empty stomachs at ten-thirty in the morning and at three-thirty in the afternoon as well as at the regulation breakfast, dinner and supper hours. We always had a cookie jar at home filled with the most flavorful cookies for those in-between hunger pangs. Even now my mouth waters at the remembrance of those

cookies of mother's—and this is the recipe which I still like best.

Peanut Brittle Cookies
2 cups of ground 2½ cups flour
peanut brittle 2½ tps. baking
½ cup butter powder
2 eggs ½ tsp. nutmeg
½ cup milk 1 tsp. vanilla

Put the peanut brittle through the finest knife of a meat chopper, then cream it with the butter. Add the eggs which have been well beaten. Gradually stir in the milk, and when thoroughly mixed sift in the flour and baking powder. Finally add the ground nutmeg and vanilla. Drop the dough on greased cookie pans and bake in a moderate oven until a golden brown.

Spread of Diphtheria Laid to Neglect of Simple Rules

Parents Urged to Help Check Disease That Threatens Children

NEW YORK. — Immunizing against diphtheria has been so effective, and means for administering the toxin-antitoxin and toxoid used for its prevention have been made so inexpensive and easily available that there is now a widespread neglect of the dangers of the disease. This is the opinion of Dr. John F. Anderson, Vice President of E. R. Squibb & Sons, who has had long years of experience in the development, preparation and administration of diphtheria antitoxin.

Dr. Anderson calls attention to the recent statement by the Board of Health of New York City to the effect that there are in this city 927,463 children between the ages of nine months and ten years who have not been immunized against diphtheria and that there has been a large increase in the number of cases and deaths during the last few weeks. The situation has become so serious that the 12,000 doctors in New York have been requested by the New York health authorities to warn parents among their patients of the danger of the disease and to urge the necessary precautionary measures.

"There has been such a gratifying decrease in diphtheria cases and deaths," says Dr. Anderson, "that parents and the public have been lulled into a sense of security. Some say that 'hard times' have

now, filled with an ambition to make up for years of boredom, by seeking romance in Paris. While Owen Moore has the featured role as a young attorney he finds himself with considerable competition, for among those eager to aid the widow in her determination to live and learn are a night club dancer, a Russian violinist and a Spanish baritone.

GRANADA

"Madonna of the Streets" Stars Evelyn Brent

An intriguing story with the fascinating Evelyn Brent in a dramatic role which opens today at the Granada Theatre and plays through Sunday matinee and night, is "Madonna of the Streets."

The story is novel, not one of those hackneyed plots. May Fisher has been companion to Howard Crane for years but has refused to marry him. Crane intends to bestow his wealth on her, which by an earlier will he has left to his nephew Peter Morton. Before he can change the document, he is killed in an auto accident. Knowing the money was intended for her, May Fisher determines to get the money from the man to whom it was unintentionally bequeathed. She finds Peter Morton, a youthful philanthropist, running the "Star of Hope Mission" on the Barbary Coast. To better attain her ends, May accepts the position of assistant to him at the Mission. When love enters into the game—things begin to happen—very different from the course of events anticipated by the originally designing May Collins.

Evelyn Brent gives a dynamic and forceful performance as May. Equally effective in the role of Peter Morton is Robert Ames.

ANN HARDING ABOUT TO START NEW PICTURE

She has just finished "East Lynne" for Fox and Pathe has great difficulty in declining to lend her to all of the producers who are demanding her presence in their pictures.

Hardwood Hits

Greencastle, 19; Martinsville, 17.
Greencastle B team, 28; Martinsville B team, 21.

And we're telling you that we saw two of the best games Friday night that was ever played on anybody's hardwood. That's saying something.

We'd like to suggest some headlines for the Crawfordville pencil pusher, who said in his Collyum the other day, words to the effect that the Cubs never worried Coach Glenn Curtis at Martinsville.

Here they are:
CURTIS FAILS TO WORRY.
TIGER CUBS WIN GAME

That was mighty thin ice Bolander put the old contest on with that last field goal.

At least if Curtis didn't worry before the game he has something to think about now.

Martinsville's mentor should have been worrying some for the Tiger Cubs held the lead during the greater part of the tilt, and what is better they had that old two point margin when the gun ended the riot.

Curtis can't win contests unless his team can make more points than their opponents, and last night they just couldn't do it. We'll swear to the fact that they tried, however.

Those two games ought to give the members of the stove league something to discuss for at least two seasons.

There's a Martinsville fan and we suppose a school official, who will be wondering for the next twelve years how it all happened.

This particular bozo was in the press box, and did he think he was hard! We've been in a great many press boxes since we've been pushing a pencil for our daily bread, but last night was the only time we ever saw a riot in one.

And we participated.

We not only threatened to kill him, but threatened to torture him by all the methods we've read about since we've been reading "Dime Thrillers," which has been high on to 40 years.

We even forgot to take notes, and we are not exactly sure who did it.

All of the boys looked plenty good to us last night, and that defense was like a stone wall. We've seen backguards twice as big as Dawson, who couldn't do half as much guarding, and Hurst was right there helping to top the big boys from the Artesian City.

Mae managed to give the boys a start most of the time by taking the tip, and Hank and Tucker Stone were making them count under the basket.

And don't forget Bausman has some good boys on that B team. We like Gross and Webb particularly.

We thought after we witnessed the first game that we had seen the best game of the season.

BUT WE HADN'T SEEN NOTHING YET!

"Although we get awfully 'het up' when we are playing the games, either basketball or football, Greencastle is one of the most sportman-

like outfits Brazil deals with. Coach Bausman and the Greencastle High school authorities kindly consented to postpone their game with Brazil in order that the Red Devils might schedule Athens, Texas. Brazil appreciates this and will send up a couple of hundred more fans when the Bricks go to Greencastle."

The above is a bouquet given us by a writer in the Brazil Times.

We told you so. Bainbridge took the boys from Spender. The final count was 15 to 12 in favor of the Putnam county boys, and at half time the score was tied 8 to 8. Whitaker and Sibbet looked best for the winners. Bainbridge lost the second team game by a 16 to 13 score.

Ronchdale easily downed the Russellville aggregation. The final score was 42 to 23 in their favor.

We are tired of saying we told you so!

We will have to admit, however, that we are not so good at picking them we missed two. We favored Belle Union to down Amo on the Belle Union floor, but results show that the Jefferson township boys couldn't turn the trick. Amo was winner 29 to 23.

We're expecting plenty of razzing from the Stove league up Fillmore way the next time we journey over there, as we picked Van Buren to down them easily, and the Putnam county lads fought out a 29 to 17 victory over the Clay county boys last night.

We not only picked Van Buren to win, but told the members of the stove league personally that they were all wet.

Every Beast and Fowl Favors Its Own Vermin

An expert on lice can tell the kind of bird or animal that acted as host to the louse by examining the louse for every bird and beast has its own particular sort, says E. H. Wilson of the department of entomology at Cornell university.

The old idea that the cattle were infested with lice because the chickens roosted in the cow stable is false, he says. It is not hard to imagine the differences presented to a louse used to crawling and dodging among feathers when it suddenly finds itself in a forest of hairs. Their feet are not adapted for crawling on hairs any more than those of a dog for climbing trees. The cattle get their lice from cattle lice, from sheep and turkeys from turkeys, according to Mr. Wilson.
